10. Sponsor project discussions - Sponsors share projects & anticipated project(s)
 - Alabama – cape seal. Pre-existing conditions are not great. There are a total of 3 roads, all similar conditions. Will select 1 for PG3 submittal.*
 - Illinois – Icart track needs some work. Looking to do highly modified slurry with friction agg. Benefits are we would examine performance for a treatment not under traffic.*
 - Michigan – has already let a chip seal on an SMA, 25k ADT freeway. Tyler will consider a new project to let in 2026 for construction in 2027.*
 - New Mexico – will be submitting a RAP chip seal for 2026. Done with in house forces.*
11. Sponsors share projects & anticipated project(s)
 - a. Each sponsor who has completed their treatment share highlights
 - Idaho and Minnesota provided updates*
 - b. Each Sponsor who submitted a project share highlights
 - c. Other Sponsors share thoughts on what they are considering
12. FHWA Comments

TPF – 5(522) National Partnership to Improve the Quality of Pavement Preservation Treatment Construction & Data Collection Practices (PG III)

FHWA have had travel restrictions so not able to attend recent meetings. Hoping that will change soon.

13. FP2 Comments

Happy to be involved. Keep communication lines open.

14. Wrap up & Closing comments (All)

Training PPT's will be posted on the PG3 website.

Mississippi is contributing additional funds to the pooled fund so we can do additional training for them at a district level.
